### **Two Internet Plant Forums**

Dave's Garden ([www.davesgarden.com](http://www.davesgarden.com) - \$15) and GardenWeb ([www.gardenweb.com](http://www.gardenweb.com) - free) are two very fine Internet sites with tons of information and scores of forums to connect you with gardeners from all over the world including central Ohio. Highly recommended.

## IN ONE YEAR AND OUT THE OTHER

Yet another year has come and gone. Here are some of the highlights you may or may not have heard about.

In February, Jay Leno left the Tonight Show, this time for good. It's sad to think that he's out of a job and he may have to live in his car. Then again, he does have 130 of them so he's good for quite a while.

The world lost another great inventor this past year. Herb Lotman, father of the Chicken McNugget, died in May at age 80. Although he was suffering from an extreme case of avian flu at the time, he actually died from choking on a hard-boiled egg. He was buried with a dozen packets of honey mustard sauce. Donations may be made to the National Irony Foundation in his honor.

LeBron James returned to Cleveland to a rousing welcome from adoring fans who, just four years earlier, had cursed his name and used his souvenir jerseys to wrap garbage and line bird cages.

In September, the good people of Scotland decided to stay on as part of United Kingdom and turned down a chance to become totally independent. They asked Sean Connery to become their Prime Minister but he declined. They also wanted to make haggis their national currency but when they realized that no one else would take it, they decided to stick with the pound and the Queen. Queen Elizabeth commented that while she was rather indifferent to Scotland's show of loyalty, she was very disappointed that she wouldn't be seeing a lot more Sean, her hot hunk of Scottish manhood. She wrote that she would very much like to 'night' him again. When asked if she didn't mean 'knight' him, she replied that her spelling was "correct the first time, if you catch my drift."

The dreaded and deadly Ebola virus appeared on the scene in October. Thousands of Americas died. Ok, that is a slight exaggeration. Actually, no one died, but they could have. Then miraculously, right after the election, Ebola disappeared. Obviously, if you have something that's really scary, hold an election and it will be fixed.

Finally, in December, Cuba decided to remain a part of the United Kingdom and asked Jay Leno to become their new leader. He answered by taking the Ice Challenge, as did LeBron James, Herb Lotman, Sean Connery, The Queen, the Ebola virus, and almost everyone else in the free world, except in California where they outlawed the practice due to the extreme drought.

We've got some real winners in the new plant category this year. Perennials include the first really red, really everblooming red daylily, Hemerocallis Red Hot Returns. Another new long bloomer is Phlox Forever Pink, which starts in June and flowers until fall with no mildew. On the annual side, the mildew-free Fanfare Impatiens are gone but the new Bounce Impatiens take their place admirably. We have a couple new coleus, upright Pink Bomb and trailing Color Clouds Hottie, the latter requiring sunglasses to look at. We have also brought back seed geraniums in six packs. Veggie-wise, the new white strawberry, White Carolina, looks cool and it's tasty too. Then there's the Austrian pumpkin Kakai, grown for its absolutely delicious roasted seeds. Lastly, we will have the first grafted tomato on top and potato on the bottom. I kid you not. It's called Ketchup 'n' Fries.

Okay, kids, it's beginning to warm up so let's get out there and start gardening!

### **MISSION STATEMENT**

It is our greatest desire to provide our customers with top quality, well-grown plant material at a fair and honest price. We will strive to provide an unmatched selection of old favorites and underused, hard-to-find items, along with the newest varieties on the market. We will eagerly share our horticultural knowledge gained from years of education and experience. Lastly, we offer all this in a spirit of fun and lightheartedness.

### **SPANISH MISSION STATEMENT**

Es nuestro mayor deseo el ofrecerle a nuestros clientes una calidad de primera en nuestras plantas a un precio justo y honesto. Nuestra compañía hace todo lo posible para proveer a nuestra clientela con una selección incomparable de variedades favoritas y no comunes, junto a nuevas variedades en el mercado. Gratamente compartiremos nuestros conocimientos en horticultura obtenidos por una educación y experiencia con nuestra clientela. Y finalmente ofrezcamos todo esto en un espíritu de alegría y felicidad.

### **SUSPICION STATEMENT**

Apparently, we are constantly being monitored for suspicion of illegal activities by the CIA, NSA, FBI, DHS, FCC, MSNBC, IBM, NFL and quite possibly the ASPCA. Someone is probably watching me write this goofy paragraph as well as watching you read it. To know this at least makes me a little more concerned about personal grooming.

### **WE'RE ON A MISSION STATEMENT**

Like a beagle tracking a rabbit, like Benedict Cumberbatch's quest to appear in every major film production, like binge watchers settling in for *'House of Cards'* Season 3, we are on a mission. This mission is to bring you the coolest, most beautiful, most wonderfully grown plants from around the world. You're welcome.

### **SUBMISSION STATEMENT**

Our radio ads, our email newsletter, this catalog, and even our greenhouse music are all filled with subliminal messages designed to force you to submit to our will. You **will** buy plants until your car is full. You **will** tell all your friends about us. You **will** think we look like movie stars. Just kidding! We really don't do that.....or do we?

### **APPARITION STATEMENT**

Apparition is a fancy word for ghost. That reminds me of the couple who had a *'Sixth Sense'* open marriage. They were both free to see dead people.

### **INTERMISSION STATEMENT**

This intermission may be used at any time during the reading of this catalog. Feel free to use the restroom facilities or visit the snack bar for refreshments. When the house lights are dimmed, please return to your seat in a timely manner and resume reading. Thank you, The Management.

### **FRUITION STATEMENT**

After months of procrastinating, followed by weeks of dread and days of frantic cramming, this catalog has finally come to fruition.

### **RE-MISSION STATEMENT**

The act of certain people redefining 'Mission Statement' over and over, ad nauseum.

### **OMISSION STATEMENT**

Due to space limitations again, this year's Omission Statement has been omitted.

## THE BIRDS AND THE POWERS THAT BEES

“Man did not weave the web of life, he is merely a strand in it. Whatever he does to the web he does to himself.” - *Chief Seattle*

Your yard is a blank canvas in which you can paint a picture of biodiversity, a paradise that harbors life instead of denies it. Pollinating insects are on the decline and starving due to habitat loss in the form of lawns and monocrop farming. Please do your part to help feed the Pollinators (which in turn feed us) today!

## GOOD BUGS/BAD BUGS

Here at Baker's Acres, we like a healthy environment. That's why we have stopped using neonicotinoids, the bee harming insecticides in common use elsewhere. In fact, we've stopped using most non-organic insecticides altogether. How do we keep down the populations of bad bugs - aphids, mites, whiteflies and thrips? Nick is using good bugs - predatory mites, nematodes, tiny tiny wasps, and pirate bugs. Each good bug he releases has a specific pest that they attack. Not bees, not birds, not pets, not humans. You're welcome.

## TEE SHIRT TUESDAYS

For years, folks have wanted to buy our tee shirts. Well, now you can. And if you wear it on a Tuesday in March, April, and May, you'll get 10% off your purchase. This cannot be used with other discounts or coupons. As of catalog printing time, we don't yet have a price, but it will be reasonable and well worth the investment - and it's good for two years. Why, the prestige alone should make you want to get one.

## THE BIRTHDAY CLUB

“You say it's your birthday. Happy Birthday to you!” We are happy to announce the birth of the Birthday Club. To join, just show us your ID and you are I-N. You must be a member of the species *Homo sapiens* and at least 18 years of age. No human offspring or pets allowed. We'll give you a free 4" potted annual of your choice and a treat from the ice cream freezer, pop cooler or our secret stash of goodies. Then the whole staff will gather 'round, singing an awful non-traditional birthday song, all the while ringing bells and blowing those hideous aerosol air horns. Just kidding about the singing and the horns and stuff.

## THANKS, JEAN

Jean Morrison started working for Baker's Acres over thirty years ago. Obviously, we were all children at the time. She did a little of everything but eventually became the perennial person. She is one of the hardest working people we know and she should get a little rest and relaxation. Jean lost her beloved husband, Mike, last year and has decided to take her much deserved retirement. She'll still come by and we'll be glad to see her. Thanks, Jean, for everything.

## WHAT IS THIS?

What is this thing you're reading right now? We've struggled for years for the right term for our catalog. It's not actually a catalog, having no prices and no descriptions. It's too large for a pamphlet. Would that make it a pamph? Is it a brochure...not sure. We could call it a roster but that could foster a sports allusion. If we called it a list we would miss the gist of what it's all about. Printed matter sounds strange and horticultural compendium is way too stuffy. A booklet implies that it's almost a book which in turn implies literature, which this certainly is not. I guess we'll just have to call this 'The Papery Thing with the Words and Stuff'. That's got a nice ring to it.

## TEAM WORK

The way we see it, customers and staff are all on the same team and we both have important jobs.

### YOUR JOBS

- Come here with a smile
- Wear proper shoes and appropriate clothing
- Ask questions so you can be successful gardeners

### OUR JOBS

- Come here with a smile
- Wear proper shoes and appropriate clothing (Baker's Acres shirts)
- Answer questions so you can be successful gardeners

Hey, wait a minute. These two lists are almost the same. The big difference is you guys get the best parking spaces.

## PRICES

There are no prices in this catalog. That's because we don't know what they are yet. Too many factors are yet to be determined in our price making process, not the least of which is the price of oil. How does that affect flowers? Most of our pots and flats are made of plastic, which is made from oil. Many of our starter plants are shipped from points across the nation requiring jet fuel, diesel and gasoline, although we make every effort to buy locally or regionally. With the price of oil going up and down, it's just too hard to set a price at printing time (late February/early March). We will make every effort to keep things within reason and you can be assured that our prices will be very fair while our quality will remain high. We certainly are not out to gouge anyone but we do need to make a profit to stay in business. Otherwise we'd have to go out and get real jobs.

## TABLE OF CONTENTS

Hardy Perennials	Page 1
Shrubbery	Page 13
Annuals and Tropicals in Pots	Page 17
Annuals in Flats	Page 33
Vegetables	Page 37
Herbs	Page 41
The Not Quite All Night Extravaganza	Page 4
Feed Me	Page 8
More Crucial Must-Read Information	Page 44-46
Funniest Joke	Page 29

## HARDY PERENNIALS

This list includes perennials, ferns, ornamental grasses, ground covers and alpines. All plants are cold hardy in Zone 5 except where noted. Even the marginal plants can be grown successfully with the careful selection of just the right site. For example, we had *Begonia evansiana* (Zone 6) growing next to our north side foundation for 10 years. This is known as 'site specific' hardiness and relies on good fortune more than anything else.

The genus name is followed by the common name, if any, and the variety name is followed by the flower color or leaf color, if applicable. These plants are grown in at least one of the following pots unless otherwise noted:

- 1.01 qt / 957 ml (1 true quart)
- 4.0 qt / 3.78 l (1 true gallon)
- 6 cells @ 9.5 fl oz / 281 ml (306)
- Total pack 1.78 qt / 1.69l

This key will help describe the different categories.

### KEY

- = Full Sun Direct sun for at least six hours a day.
- ◐ = Part Shade Direct sun for less than six hours a day.
- = Shade No direct sun.
- WD = Well drained
- M = Moist
- VM = Very Moist
- B = Bog or wet tolerant
- D = Drought tolerant
- T = Tender Iffy in Zone 5. Usually needs protection or specific site.
- P = Prairie plant
- W = Woodland plant
- E = Evergreen
- N = Native to North America
- RE = Rebloomer

Plants designated 199\_PPY have received the Perennial Plant Association 'Plant of the Year Award'

Hostas designated 199\_AHS have received the American Hosta Society 'Hosta of the Year Award'

New plants for 2015 in **Bold Type**.

- ACANTHUS (Bear's Breech) ○-◐, M-WD spinosus

## THE 'NOT QUITE ALL NIGHT EXTRAVAGANZA'

This year's Extravaganza, the 66th annual, will be held on Saturday, May 23rd from 8 pm until 10 pm. For those of you who are unaware of this incredible event, it's a great big party at night in the greenhouse and, since it's at night and kinda dark, we string loads of lights everywhere and hope the fuses don't blow, which they sometimes do. The lovely Alexandria Ladies will be serving delicious and nutritious snacks, coffee, and cookies at absolutely no cost to you or your loved ones. Last year, for the first time, we brought in the fantastic Taco Sherpa food truck. They were a big hit and we will definitely have a truck again this year. We have yet to schedule one at printing time, but rest assured it will be a good one.

This year's entertainment will once again feature the musical and vocal stylings of Dave Harris and Jamburger, perhaps the greatest rock and roll band in the history of music...perhaps not, but they are pretty darn good, especially the keyboard player.

You're probably saying to yourself, "That sounds just like every other 'Not Quite All Night Extravaganza' with cookies, a food truck, and Jamburger." But wait, there's more! All plants are 10% off the regular price. Holy Guacamole! Be sure to mark the date.

When you're happy, you enjoy the music. But, when you're sad, you understand the lyrics. - *Frank Ocean*

I've been imitated so well I've heard people copy my mistakes. - *Jimi Hendrix*

To achieve great things, two things are needed: a plan and not quite enough time. - *Leonard Bernstein*

The music business is a cruel and shallow money trench, a long plastic hallway where thieves and pimps run free and good men die like dogs. There's also a negative side. - *Hunter S. Thompson*

## 'FEED ME, SEYMOUR'

In April and May, we get really hungry and none of us have time to bake so we're willing to trade food for flowers. Oddly enough, we call this the 'Food For Flowers' program. We will gladly issue you \$10 in Baker Bucks for one of the following: a cake, a pie, 3 dozen cookies, or a coffee cake. Additionally, food that is actually healthful and non-fattening will be accepted if it doesn't require heat or cold to keep it that way. Finger food would be helpful. All items must be homemade and you must call for a sign-up date. Please limit your offerings to no more than twice per month to be fair to all. Also, if possible, we would love to have the recipe. We can't tell you how much joy this brings us even though we have to go through withdrawal in July.

The journey of a thousand pounds begins with a single burger. - *Chris O'Brien*

I'll bet that when a cannibal is done eating he asks his friends, "Do I have anyone in my teeth?" - *Jill Gallagher*

One cannot think well, love well, sleep well, if one has not dined well. - *Virginia Woolf*

I eat cake because it's somebody's birthday somewhere.

After a good dinner one can forgive anybody, even one's own relations. - *Oscar Wilde*

Seize the moment. Remember all those women on the 'Titanic' who waved off the dessert cart. - *Erma Bombeck*

It's fun to get together and have something good to eat at least once a day. That's what human life is all about - enjoying things.  
- *Julia Child*

## DOGS

We used to have two, but, as always happens, you lose one. Allie, the crazy little black dog who used to love greeting everyone, passed away last spring. She was an ornery, stubborn, selfish and truly delightful dog. Nick brought her home from a friend's house in 1999, gave her a name, and proclaimed her 'his dog'. Then he went away to school at OU. From then on, she was our dog and the greenhouse mascot. We miss her a lot, especially her antics.

And then there's the golden retriever/hound dog mix by the name of Daisy. She's 12ish and still with us. She doesn't hear or see very well so she barks at moving shapes, but once she realizes you're not here to do great harm, she's just fine. She's got arthritis, bad breath, lumps and bumps and she's a klutz, but she's a good dog. Good dog.

When your children are teenagers, it's important to have a dog so that someone in the house is happy to see you. – *Nora Ephron*

I'm a mog. Half man, half dog. I'm my own best friend. - *John Candy, as Barf, in 'Spaceballs'*

Dogs lead a nice life. You never see a dog with a wristwatch. - *George Carlin*

A dog is one of the remaining reasons why some people can be persuaded to go for a walk. - *O.A. Battista*

I will not "let the dogs out."

I will not "let the dogs out."

I will not "let the dogs out."

I will not "let the dogs out."

I will not "let the dogs out." - *Written on the chalkboard by Bart Simpson*

## FAMILY TIES

If I learned one thing from my grandfather, it's to never look closely at an old man's toenails. - *Travis Ruetenik*

My Mom's back surgery yesterday was a complete success. This morning, all the cracks in her sidewalk are gone.

I haven't talked to my sister in more than 35 years. That woman had the unmitigated gall to call me stubborn. - *Jerry L. Embry*

Once when I was a kid, I almost choked to death on a Tootsie Pop. Fortunately, my grandfather had the good sense to tell me to stop lollygagging. - *Larry Hollister*

Happiness is having a large, loving, caring, close-knit family in another city. - *George Burns*

One thing vampire children need to be taught early on is, don't run with a wooden stake. - *Jack Handy*

The advantage of growing up with siblings is that you become very good with fractions. - *Robert Brault*

Families are about love overcoming emotional torture. - *Matt Groening*

## CUDDLES

A woman brought a very limp duck into a veterinary surgeon. As she laid her pet on the table, the vet pulled out his stethoscope and listened to the bird's chest. After a moment or two, the vet shook his head and sadly said, "I'm sorry, your duck, Cuddles, has passed away." The distressed woman wailed, "Are you sure?" "Yes, I am sure. Your duck is dead," replied the vet. "How can you be so sure?" she protested. "I mean you haven't done any testing on him or anything. He might just be in a coma or something." The vet rolled his eyes, turned around and left the room. He returned a few minutes later with a black Labrador Retriever. As the duck's owner looked on in amazement, the dog stood on his hind legs, put his front paws on the examination table and sniffed the duck from top to bottom. He then looked up at the vet with sad eyes and shook his head. The vet patted the dog on the head and took it out of the room. A few minutes later he returned with a cat. The cat jumped on the table and also delicately sniffed the bird from head to foot. The cat sat back on its haunches, shook its head, meowed softly and strolled out of the room. The vet looked at the woman and said, "I'm sorry, but as I said, this is most definitely, 100% certifiably, a dead duck." The vet turned to his computer terminal, hit a few keys and produced a bill, which he handed to the woman. The duck's owner, still in shock, took the bill. "\$150!" she cried, "\$150 just to tell me my duck is dead!" The vet shrugged, "I'm sorry. If you had just taken my word for it, the bill would have been \$20, but with the Lab Report and the Cat Scan, it's now \$150."

Betty White was born in 1922. Sliced bread was invented in 1928. Therefore, sliced bread is the greatest thing since Betty White.

Four out of three people have trouble with fractions.

I blow my nose before I weigh myself because it's that bad. - Jody LaFerriere

## SHRUBS, VINES AND TREES

Shrubbery is a funny sounding word. It rhymes with rubbery and blubbery but little else, making it a poor topic for poetry and songwriting. Foliage on shrubbery can be rubbery. It can also be papery, leathery, satiny, prickly and scaly. Seldom do you see anyone get blubbery over shrubbery except when some errant driver misses a curve and takes out their favorite magnolia. The point of all this foolishness is our great selection of shrubbery, which comes in all shapes, sizes, colors and, textures. We've scoured the nation to bring you beautiful blooming woody plants for all seasons, usual and unusual foliage accents, and even those cute little miniatures for rock gardens and garden railways.

While we are proud to grow most of our herbaceous material here at Baker's Acres, we grow very few of the woody plants that we sell. We rely on the many excellent nurseries around the country. Please call ahead when seeking a specific or unusual variety to make sure of availability. Often we are able to find the plants you are looking for. We offer a delivery service for a nominal fee. Please ask for details. Also, if you need a large amount of landscape plants, we will be glad to give you a special price quote.

### KEY

○ = Full Sun Direct sun for at least 6 hrs/day

◐ = Part Shade Direct sun less than 6 hrs/day

## FUN FACTS

Every 500 feet during his historic 1953 ascent of Mt. Everest, Sir Edmund Hillary would turn to his Sherpa and ask, "Are we there yet?"

Thanks to a 1971 stint at Motown, Ruth Bader Ginsberg is the only person who's been a member of both the Supreme Court and The Supremes.

In addition to X-ray vision, Superman could also guess your weight within five pounds.

Thirty-two percent of women who apply makeup while driving have accidentally swallowed a tube of lipstick.

## DEFINITIONS

**Op•ti•mist (n)** – Someone who figures that taking a step backward after taking a step forward is not a disaster, it's a cha-cha.

**Ap•par•ent•ly (adv)** – A word that makes anything sound sarcastic.  
Ex. – He's intelligent, apparently.

**Am•big•u•ity (n)** – What happens in Vagueness, stays in Vagueness.

**Stale•mate (n)** - A leading cause of divorce.

**Co•land•er (n)** - Someone who arrives with you on the same plane.

**Ni•trate (n)** - A price cheaper than the day rate.

**Ar•gu•ment (n)** - A discussion that occurs when you're right, and continues until he realizes it.

**Bide (v)** - Past tense of buy.

**Goad (v)** - Past tense of go.

**Be•nign (adj)** - What you be after you be eight.

**Cau•ter•ize (v)** - Made eye contact with her.

**Node (v)** - Past tense of knew.

**Par•a•sites (n pl)** - What you see from the top of the Eiffel Tower.

**Rub•ber•neck (v)** - What you do to relax your wife.

**Af•ter•math (n)** - Relaxation after your algebra class.

**Hang•o•ver (n)** - The wrath of grapes.

**In•fan•try (n)** - A small, immature tree.

## ANNUALS AND TROPICALS

This list includes potted annuals, tropical patio plants, houseplants, conservatory specimens, combination components, and hanging baskets in various sized containers. Many of these plants are actually perennial in the tropics but few will take any frost. The genus name is followed by the common name, if any, and the variety name is followed by the flower color or leaf color, if applicable. Pot sizes are as follows:

- 8.86 fl oz / 262 ml
- 10 fl oz / 295 ml
- 1.42 pt / 675.9 ml
- 1.56 qt / 1.47 l
- 1.75 qt / 1.66 l
- 3.69 qt / 3.49 l
- 3.93 qt / 3.71 l
- 1.67 gal / 6.32 l

This key will help describe the categories.

### KEY

- BU=Tender Bulbs –Don't forget to dig 'em up
- CP=Combination Plant - Plays well with others
- HB=Hanging Basket – Let it all hang out
- IB=Indoor Blooming - Windowsill wonders
- SU=Succulent – Desert denizens
- TF=Tropical Foliage – The Jungle Look
- TB=Tropical Blooming – Wallflowers.....not!
- TV=Tropical Vine – Colorful climbers
- Unmarked = flowering annuals in pots.

## BEGONIAS

Dave Morris is responsible for our enormous collection of Begonias. Years ago, he started collecting begonias, and because he's incapable of making a decision, he just kept every one he came across. As a result, we have way too many, but it's a collection admired by many a begonia aficionado. We've tried thinning it out a bit, and yet new ones keep creeping onto the list. Here are some of Dave's babies, each one of which is his favorite. Thanks, Dave.

BEGONIA Most foliage types have small light pink or white flowers. Those known for their flowers are thusly noted with the color. Some are grown for their exceptionally patterned foliage, some for their incredible blooms. IB-TF

## COMMUNITY BULLETIN BOARD

### • HISTORY MONTH

April is History Month at the Alexandria Museum and this April they are honoring beloved native son, Sylvester Carlton, inventor of the medical alphabet. Prior to 1927, prescription writing was very confusing, with doctors using all sorts of different symbols including Phoenician scripts, Egyptian hieroglyphics, the Greek alphabet, and even letters they just made up. It was very challenging to be a pharmacist and even more challenging to be a patient. In 1925, due to a misread prescription, Sylvester's sister, Mae, grew a fully functional third eye on the side of her head. Although she went on to have a lucrative career with Barnum and Bailey, Sylvester was quite upset with the medical community and decided to fix the problem. In 1927, he introduced what is now the standard medical alphabet, thus raising life expectancy from 29 to 72 years almost overnight. Not only is he revered in the medical and pharmaceutical professions, but the National Assisted Living Association has a statue of him in the lobby of their headquarters. Sylvester Carlton, we salute you.

## THOSE WACKY COLEUS

Coleus are the Hawaiian shirts of the plant world. They are those gaudy little plants with the multicolored leaves that you remember from visiting your grandmother's house and they seem to come in and out of favor. Currently they are popular, mostly because they can be used just about anywhere and provide an anchor of color and/or texture in beds and containers. They shine as either the stars or the supporting players in garden combos. Several years ago they changed the name to Solenostemon, and just recently to Plectranthus, but in a blatant act of taxonomic defiance, we refuse to call them anything but Coleus. Our collection of named varieties is far beyond the bounds of sanity at about 150, give or take 20 or 30. The sad thing is, people keep bringing us new ones. Even sadder is the fact that we keep coming up with new ones of our own. Recently, a fun new flower brand, Hort Couture, picked several of our varieties to feature in their new line of coleus distributed nationally. Also, Stained Glassworks, another national brand, chose our 'Stu Jr.' to add to its line. They have renamed it 'Raspberry Tart'. And if ya think that's somethin', how about this. Baker's Acres is featured in the book by Ray Rogers, 'Coleus - Rainbow Foliage for Containers and Gardens', available at fine bookstores everywhere. We think we're pretty hotsy-totsy now. The following varieties marked with an asterisk are Baker's Acres originals.

- COLEUS  
Alabama Sunset  
Apocalypse  
Beaujolais Nouveau  
Between The Lines\*  
Big Bob\*  
Big Chief  
Big Enchilada\*  
Big Red  
Big Red Judy  
Bipolar Bigolly  
Black Cherry Ribbons

## COMMUNITY BULLETIN BOARD

### • BATTLE OF THE BANDS

This year's epic battle, as usual, takes place next Saturday at 7 pm in the school gym. The first place band receives a two-week gig at The Hubbub Club Pub out on the highway and large, gaudy trophy. Second place receives a plaque and a free nightlight from The Nightlight Zone. Everybody gets complimentary packs of Beemans from Annie Get Your Gum. Here's the lineup:

- **Density's Child** – This trio sings quite well but they don't appear very bright. Their lead singer, Beyond, shows promise, though.
- **Alice Scooper** – They all met when they worked at a Baskin-Robbins.
- **The Doers** – No, they do not play *Light My Fire*. Please do not ask again.
- **Flu Fighters** – Medical professionals moonlighting as a rock band.
- **Gnus N' Roses** – The house band at the Cincinnati Zoo and Botanical Garden.
- **Ten Inch Nails** – These guys are all about one-upmanship. They previously called themselves U3.
- **The Gold and White Stripes** – Some people see them as the Blue and Black Stripes.

### CROSSANDRA (Firecracker Flower)

Orange Marmalade

### **nilotica Red**

pungens (Yellow)

## THE BATHROOM

People come from miles away just to see our bathroom and for very good reason. It is always spectacularly amusing. Nancy said way back that we should always design a really cool bathroom and then change it every two years. The previous bathroom, the famous and award-winning Man Cave, was finally retired after being held over for an extra year. We are replacing it with ????? You'll just have to come out and see it.

## SUCCULENTS

Nick Baker has taken a real liking to the succulents. These are the different families of plants that are mostly native to the drier regions of the world. They have very fleshy foliage that comes in a variety of colors and interesting shapes, sometimes with thorns, sometimes with gorgeous flowers. As a toddler, Nick fell into a bowl of cactus...kinda like Peter Parker getting bitten by a radioactive spider, but as far as we know, Nick has no superpowers.

SUCCULENTS All require high light and should be kept on the dry side.

Aeonium Blushing Beauty  
Aeonium canariense  
Aeonium Dinner Plate  
Aeonium Kiwi  
Aeonium pseudo-tabuliforme  
Aeonium Salad Bowl  
Aeonium Sunburst

## WORDS TO LIVE BY

**In matters of style, swim with the current;  
in matters of principle, stand like a rock.**  
– *Thomas Jefferson*

**If you don't like something, change it. If  
you can't change it, change your attitude.**  
– *Maya Angelou*

## ANNUALS IN FLATS

This list includes all annuals that are considered 'bedding' annuals and annual flowers used for cutting or drying. They are grown in 10" by 20" flats consisting of twelve 3-packs per flat (36 plants per flat). Certain other plants are grown in 306 flats consisting of three larger 6-packs per flat. They are marked 306. The following are the volumes.

3 cells @ 4.5 fl oz / 133 ml  
Total pack 13.5 fl oz / 399 ml  
6 cells @ 9.5 fl oz / 281 ml  
Total pack 1.78 qt / 1.69l

## COMMUNITY BULLETIN BOARD

Monica Zirkle's husband, Dirk, has a job collecting golf balls out at the Hack Land Driving Range on Hardscrabble Road. He used to get covered in welts and bruises until he devised a protective cage to keep the golf balls from hitting him. He's very happy with it, so much so, that he even takes his lunch break out on the range just in front of the 150 sign. The device has proven very versatile at home, seeing as how Dirk is not the neatest guy in the world and Monica has a penchant for throwing things. He even uses it on the annual Weasel Drive that takes place every fall. He and a bunch of guys from the Hardscrabble Hunt Club tramp through the woods rounding up all the weasels. They don't do anything with them and let them go unharmed; they just do it for the fun of it. Dirk says that the pesky little devils always go for your eyes or your arm pits and his cage comes through like a champ.

Skinny jeans are only good if you have skinny genes. - Matt Dunn

## VEGETABLES

It's official, growing your own food is in! Ever since Michele Obama put in a vegetable garden at the White House, seed sales have been steadily on the rise. Again this year we'll carry seed packets from Seed Saver's Exchange, a seed company based in Decorah, Iowa. They are the largest non-governmental seed bank in the country. Many of their seed varieties come from members of the exchange, people who send in their grandpa's favorite tomato seed that he saved year after year. And all of their seeds are "Open Pollinated", a term synonymous with "Heirloom". The seeds produced by these types of plants can be easily saved because they will turn out pretty much the same each year, whereas hybrid seeds will not come true. This is because hybrids have been bred to have certain qualities by using two different parents and if you try to save and replant the seed it won't turn out the same. Which brings me to the issue of food security. Growing open pollinated varieties and saving your own seed is a great way to take the whole process of home food production a step further, and starts to close that loop of having to rely on outside resources such as big seed companies. People often ask if we carry bean, pea, or corn plants. The answer is we usually don't because these are very easy to start from seed directly in the ground. Starting your own seeds can be healthy, rewarding, economical and fun. But don't forget, for those who aren't comfortable in doing this, we're here for you.

## PROVERBIALLY SPEAKING

An old man loved is a winter with flowers  
- *German Proverb*

You are beautiful, but learn to work, for  
you cannot eat your beauty. - *Congolese  
Proverb*

Before you speak, let your words pass  
through three gates. At the first gate, ask  
yourself, "Is it true?" At the second ask,  
"Is it necessary?" At the third gate ask, "Is  
it kind?" - *Sufi Proverb*

## THE GOOD FOLKS WHO WORK HERE

Thirty-three years is a long time. Without these great people to help us all these years, we wouldn't be here...or at the very least we'd be way way behind. Here are their lovely pictures along with their ideal job if they weren't working at Baker's Acres.

**Nick Baker**  
Brewmaster

**Pam Baker**  
Potato Chip Taster

**Sarah Baker**  
Volunteer Jedi Knight

**Susan Broehl**  
Dairy Farmer

**Carol Benedict**  
Bartending on a Beach  
with Toes in Water

**Sharon Ellis**  
Travel Writer

**Tovah Gross**  
Geologist

**Tina Haegele**  
Whiskey Distiller

**Shawn Hardy**  
Pro Quad Racer

**Mark James**  
Male Model

**Patty Lewis**  
Migrant Worker

**Suzanne  
McCachren**  
Assistant to Bonnie

**Dave Morris**  
Head Chef and  
Restaurant Owner

**Trish Padley**  
Backup Singer for  
James Taylor

**Bonnie Ruder**  
Lottery Grand Prize  
Winner

**Carolyn Swisher**  
Archaeologist

**Nancy Baker**  
Pie Shop Owner

**Chris Baker**  
Professional Bon Vivant

These fine people also help on a part-time basis: David Lees, Tom Messerall, John Schwartz, Bob Rue, Mia Hardy and maybe some other folks who haven't been hired as of this printing.

## COOL PLACES TO VISIT

Central Ohio has many great greenhouses and garden centers. It is a close-knit and friendly community and you'd be hard pressed to find nicer people. We don't have space to list all the garden centers; you can find them in the phone book. We are listing some of the specialty/hobby greenhouses and public gardens that are worth visiting if you're in the area:

- **Glasshouse Works** - Fantastic selection of tropicals, succulents, and hardy plants. Huge display of books, pottery, statuary and garden art. Impressive web site. Catalog. Church St., P.O. Box 97, Stewart, OH 45778 800-837-2142 [www.glasshouseworks.com](http://www.glasshouseworks.com)
- **Companion Plants** - Outstanding herbs and other botanicals. Great displays. Plants and seeds. Catalog. 7247 North Coolville Ridge Rd., Athens, OH 45701 740-592-4643 [www.companionplants.com](http://www.companionplants.com)
- **Quailcrest Farms** - Large variety of herbs, old roses and perennials. Lots of display gardens. Catalog. 2810 Armstrong Rd., Wooster, OH 44691 330-345-6722 [www.quailcrest.com](http://www.quailcrest.com)
- **Wade and Gatton Nursery** - THE place for Hostas. Also daylilies, perennials and woodies. Unsurpassed display gardens. Catalog. 1288 Gatton Rocks Rd., Bellville, OH 44813-9106 419-883-3191 [www.wadeandgattonnurseries.com](http://www.wadeandgattonnurseries.com)
- **Lynd's Fruit Farm** - Quality fruit farm with a great corn maze in the fall. 9090 Morse Rd., Pataskala, OH 43062 740-964-4744 [www.lyndfruitfarm.com](http://www.lyndfruitfarm.com)
- **Amity Farm Hostas** - Our neighbors. Wonderful selection of Hostas. Some other shade perennials. Check the site or call. 3050 Johnstown-Alexandria Rd, Alexandria, OH 43001 740-924-0400 [www.amityfarm.com](http://www.amityfarm.com)
- **Inniswood Gardens** - Beautiful wooded Metro Park with streams, wildflowers, formal beds and herb gardens. 940 S. Hempstead Rd., Westerville, OH 43081 614-895-6216 [www.inniswood.org](http://www.inniswood.org)
- **Franklin Park Conservatory** - Outstanding Victorian glasshouse with beautiful modern upgrades. A showplace. 1777 E. Broad St., Columbus, OH 43203 800-214-7275 [www.fpconservatory.org](http://www.fpconservatory.org)
- **Dawes Arboretum** - A first class arboretum just off I-70. Great Japanese Garden. 7770 Jacksontown Rd., Newark, OH 43056 [www.dawesarb.org](http://www.dawesarb.org) 800.44.DAWES
- **Chadwick Arboretum and Learning Gardens** - Spread out over the Ohio State Campus. Interesting flower trials, perennial beds, labyrinth. <http://chadwickarboretum.osu.edu/>

## PLANT SOCIETIES

Feel the need for the companionship of other plant nerds like yourself? Here are some:

- **Central Ohio Hosta Society** - Mona Darwin [mona@columbus.rr.com](mailto:mona@columbus.rr.com)
- **Columbus Garden Railway Society** - Richard Abler [info@cgrs.org](mailto:info@cgrs.org) 614-885-0351 [www.thecgrs.org](http://www.thecgrs.org)
- **Metropolitan Columbus Daylily Society** - Sylvia Mellinger [williewagtail10@sbcglobal.net](mailto:williewagtail10@sbcglobal.net) [www.columbusdaylilies.us](http://www.columbusdaylilies.us)
- **Ohio Valley Chapter North American Rock Garden Society** - <http://ovnargs.org/> Chuck Ellsworth, 5728 Running Fox Lane, Mason, OH 45040 [pncellsworth@aol.com](mailto:pncellsworth@aol.com)
- **Columbus Bonsai Society** - Hold monthly meetings at Franklin Park Conservatory [www.columbusbonsai.org](http://www.columbusbonsai.org)
- **Ohio Prairie Association** - [www.ohioprairie.org](http://www.ohioprairie.org)
- **Central Ohio Daffodil Society** - Phyllis Hess 614-882-5720 [daffphyll@hotmail.com](mailto:daffphyll@hotmail.com)
- **Central Ohio Cactus & Succulent Society** - <http://columbus-cactus-club.webs.com/index.html>
- **Central Ohio Orchid Society** - [www.coosinfo.info](http://www.coosinfo.info)
- **Central Ohio Unit of the Herb Society of America** - [www.herbsociety.org/units/central-ohio-unit.html](http://www.herbsociety.org/units/central-ohio-unit.html)
- **Ohio Herb Education Center** - 110 Mill Street, Gahanna, OH 43230 614-342-4380 [www.gahanna.gov/departments/parks/herbcenter.aspx](http://www.gahanna.gov/departments/parks/herbcenter.aspx)
- **Perennial Plant Association** - [www.perennialplant.org](http://www.perennialplant.org)

## **RADIO ADS**

We advertise on 610 WTVN's "In the Garden with Ron Wilson", a two-hour call-in gardening program that airs Saturdays at 10 am. Ron is very entertaining and dispenses a great amount of sound horticultural advice. Our ads can also be heard at various other times on WODC 93.3 (FM) and WCOL (AM). We also do TV spots on WCMH NBC4 and WBNS Channel 10. Be sure to look for them. The radio spots are 'oddly different', much like the pair that appears in them: Chris Baker as himself and buddy Chris Calvin as 'Cal, The Voice of Baker's Acres'. The theme song was written and produced by Mr. Baker and performed by his musical cronies, aka The Baker's Acres Orchestra and Chorus. For the sake of their professional careers they have asked not to be identified. If you were unfortunate enough to hear the theme song previously, it is probably still playing over and over in your head until, desperate for relief, you've resorted to self-medication.

## **WEB SITE, NEWSLETTER & FACEBOOK**

Many of you web-surfer-type folks have asked if we have a website. As they say in technological Internet jargon...yes, we do. The site has received a brand new facelift and went live in March of 2014. Many thanks to the good folks at Ipso Web Design in Akron for all their hard work in the redesign. The new site is much easier to navigate and has a lot more information. In fact, if you want to download this catalog in PDF form, there is a button to click. We will also announce any special events, share special information and offer a live inventory of plants. We are still updating all the plant pictures and descriptions, a monumental task. Please bear with us. Be sure to add the word 'greenhouse' to the website name - [www.bakersacresgreenhouse.com](http://www.bakersacresgreenhouse.com).

Since we have discontinued mailing catalogs and sale postcards due to the high cost of postage, we have started an Email Newsletter, to be sent seven or eight times a year to keep you abreast of the latest happenings here at the Acres. To sign up, go to the contact page and follow the directions. We promise not to share your email addresses with anyone.

Oh, and for those of you who are facially bookish, Baker's Acres Greenhouse is on Facebook. Just look us up in the search box. Be sure to get the Ohio Baker's Acres (there are two others in New York and Indiana, no relation). Become a fan and get the latest and greatest Acres Info.

## **THE 10% CARD**

We like to reward our frequent flower buyers. If you're here a lot, we have a program for you. Here's the deal: you can purchase a 10% off, non-transferable card from us for \$50. This may be used all of 2015 for any purchase. Simply present it to the cashier when checking out. It should be a simple way to save some money if you spend a lot of it here at the Acres.

## **SUMMER BREAK**

This year, in an effort to make sense out of the S-L-O-W summer garden center business in July and August, we will close the garden center from the end of July until the end of August. We will reopen on Fridays, Saturdays and Sundays in September for fall mum and perennial sales. People have other summer things to do in August - vacations, school starting, fairs and festivals, loafing. Very few folks want to buy plants and who can blame them. Check the website or sign up for the Email newsletter to get the latest on our summer hours. If you absolutely need something, give us a call. We're here watering, pruning, cleaning, and propagating.

## **BUS TOURS**

We seem to have become a destination for garden clubs, horticulture classes, Master Gardener groups and other various gardening gangs. If your group would like a tour, just call us to set up a time (please, no weekends in May). There are several good restaurants in nearby Granville if you're looking to add lunch to the trip. We can handle anything from a van full to a busload or two so bring 'em on.

## **OUR GUARANTEE**

In a perfect world everything that you buy here would be ...well...perfect, but we all know imperfection is part of our normal lives. Around here we strive for perfection, but if that less than perfect thing happens, here are our guarantees and conditions.

- All plants and all hardgoods are guaranteed and may be returned in resaleable condition, for store credit, exchange, or cash refund, for up to five days. Resaleable condition is defined as growing in the original healthy state, in the original container, and with the original tags or packaging.
- Perennials are guaranteed from time of purchase until October 15th, with receipt, for store credit only. Winter wetness is usually the culprit in perennial failure and is beyond our control.
- Outdoor trees and shrubs are guaranteed for one year from time of purchase, with receipt, for store credit only. This tree and shrub guarantee may be waived at the time of purchase by the customer in exchange for 10% off the purchase price.
- Any plant that leaves our greenhouse with a disease, insect problem or an incorrect tag may be returned with no questions asked. Unconditionally.
- This guarantee does not cover death or damage caused by Mother Nature such as flooding, winds, frost, drought, rabbit and deer browsing, locusts, stampedes, or giant armadillos. We reserve the right to void any guarantee due to CUSTOMER NEGLIGENCE or ABUSE. How can we logically be held responsible for something over which we have no control? Replacement plants are not guaranteed. All sale items are final for anything 50 percent off or more and are not guaranteed.

## **CUSTOM POTTING**

Dig this! We offer a custom potting service. Here's the scoop.

- Bring your own pots and we'll design your containers for you.
- Give us about 1 week lead time.
- Know your light requirements
- \$50 per hour plus the price of the plants. Cost includes soil and labor.

Need help designing? Call Nick or Pam for a design appointment.

## **SMALL WORLD**

Fairy Gardens, Terrariums and Garden Railways are very popular right now and we offer many smaller plants and accessories for these fun ways to garden.

## **ORGANICS**

You want organic? We've got organic. We now offer organic lawn, flower and vegetable fertilizers exclusively. We will try to offer beneficial ladybugs and praying mantis eggs, but these are sometimes hard to obtain. Check with us. Again this year, all our vegetables and herbs will be fed with organic fertilizer. They are never sprayed with chemicals. We can't say that they are Certified Organic - that certification is very costly and hard to obtain - but we do make every effort to grow them in a responsible and organic way.

## THANKS

2015 is our 33rd year in business. Many wonderful people have helped us over the years, some in large ways, some in small, but all deeply appreciated. Here's a list of folks we'd like to thank. Please forgive us any omissions.

Barb and Richard Abler	Gary Gossett	Steve Pletcher
Wouter Addink	Jayson Grunewald	Chuck Powell
Bev Allen	Carol and Dennis Haas	Steve Powell
Adelaide Amos	Erna Hassebrock	Rita Randolph
Allan Armitage	Bob and Nancy Heber	Sandy Raupp
Bob and Nancy Armstrong	Dan Heims	Mike Rausch
Pam and Jim Ashworth	Bert Hendley	Mark Raymond
Bob and Marge Baker	Dale Hendricks	Al Rector
Donna and Jeff Baker	Herb the Tomato Guy	Kevin Reiner
Alice Baroody	Julia and Eric Hofley	John and Penny Replogle
Susan Barton	Mike and Diane Howard	Bob and Lucy Riffle
Chris Bernacchi	Fred Hower	Teresa Riley
Darrell Betts	Craig Jaynes	Anne Roberts
David Biggar	Chris Jensen	Earl Robinson
Monica Bilbao	Dave and Anne Johnson	Ray Rogers
Roger and Diane Billman	Rose Jones	Ralph and Martha Rohrbaugh
Duane 'Mocko' Binkley	Max Kackstetter	Chuck Ross
Ann Bird	Michael Kartuz	Ken Sadd
Christine Block	Howard Katz	Judy and Scott Schell
Bluebird Nursery	Lu and Jerry Killilea, Sr.	Rick Schoellhorn
Tim Bright	Karen & Jerry Killilea, Jr.	Jack Schmidt
Jim Broderick	Brian Killilea	Jack and Katie Skaggs
Rindy Brooks	Deb Knapke	Elton Smith
Bob Brown	Debbie Knitz	Irene Snyder
Ed Buckingham	Janet Kohr	Nancy Lee Spilove
Jeff Burkholder	Elaine Kolb	Ellen Stein
Chris and Sue Calvin	Bob and Dink Larson	Bert Stevens
Carmella Carlton	Dave Lees	Bob and Suzy Stewart
Walter and Ellen Castle	Virginia Lees	Mary Stowe
Steve Castorani	Brock Lehman	Lucy Tavener
Ann Champney & Jim Miller	Woody Lily	Amanda and Andy Taylor
Myron Cherry	Dick Lindquist	Peggy and Dave Tefft
Doug Cole	Mitch Lynd	Brad Thompson
Darlene Cooper	Chuck Lyons	Uncle Bill Toennis
Anne and Mark Cox	Justin Marotta	Rick Tower
Dick Derks	Kim Marshall	Candy and Lloyd Traven
Diana Derringer	Jane Martin	Jason Twaddell
Janet Dickstein	Bob and Pam McCarthy	Brad and Russ Ulery
Jerry and Eileen Dill	Ursula McMorro	Claire Walsh
Robbie DuPont	Dennis McNulty	Walter's Gardens
Tracy DiSabato-Aust	Tom McNutt	Jeff Watt
Dude and Jeannie Engel	Holly Messerall	Carl and Mary Jane Weals
Walter Engel Sr.	Tom and Anne Messerall	Connie Williams
Jim Eyerdom	Jim Monroe	Brian Wilson
Dave and John Fleming	Jim and Sherrie Moore	Harry Wilson
Joe and Nina Fleming	Mike Morrison	Ned and Mitzie Wilson
Kenny Fleming	Julie and Bill Noble	Ron Wilson
Larry Fleming	Sonnie and Mike Nye	Joanne Woodyard
Ken Frieling and Tom Winn	Tim O'Dell	Jenny Wright and Stan
Millie Gavitt	Janet Oberleisen	McCumber
Bernard Gebhart	Caroline Ouding	Jim Yonkers
Jim and LaVonda Gibson	Steve Owens	Roseanne Zerafa
Glen and Kate Giffen	Betsy Parker	Tom and Rita Zigo
Tom Glass	Claudio Pasian	
Marsha Gleaves	Angie Patterson	

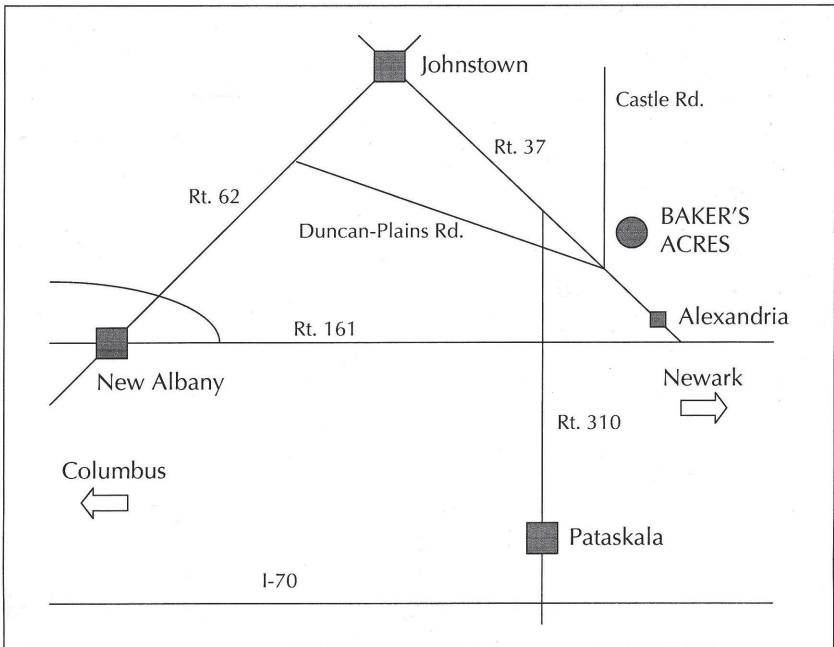

## NOTES

These 'Notes' pages are common sights in catalogs because of the way catalogs are constructed - in units of four pages. If you don't have enough material to fill exactly four pages, people label the empty pages as 'Notes' pages. We've never been clear on what kind of notes they mean. Are we supposed to take notes on a lecture or slide presentation (who can see, the lights are so low)? Are we supposed to rip the pages out and send them as thank you notes or put notes on the refrigerator (Wendell, we're out of beer again. And get some milk and bread while you're out). Here's your 'Notes' page, what's left of it. You figure it out.

Office Use Only – Do Not Write Below This Line

## HOW TO FIND US...

For your driving pleasure, the Rt. 161 four lane upgrade is complete from Columbus to Newark. After 33 years of being in the 'middle of nowhere' we are finally in the 'middle of somewhere'.

Baker's Acres Greenhouse is just 27 miles northeast of downtown Columbus, 12 miles west of Newark and 1,356.2 miles north of Key West.

## HOW TO REACH US...

**BAKER'S ACRES GREENHOUSE**  
3388 Castle Road  
Alexandria, Ohio 43001

1-800-934-6525  
740-924-6525  
FAX 740-924-0500  
E-Mail [bakersacres@copper.net](mailto:bakersacres@copper.net)  
[www.bakersacresgreenhouse.com](http://www.bakersacresgreenhouse.com)  
Baker's Acres Greenhouse is on Facebook

If all these methods fail, you'll just have to send somebody.
